MIKE & ALI GREEN: Mike and Ali Green have been part of King's Arms Church Bedford for nearly 15 years, and are involved in leadership in a variety of areas including prison Alpha and coaching 'missional community' groups. Mike is part of the team which leads evangelism and outreach. Ali previously headed up King's Arms Project, the church's work with the homeless and now is part of the team that develops and equips people through training and conferences. They have two energetic little boys, Daniel and Jonathan. The whole family love being outdoors, especially in the mountains.

SANTINO HAMBERTS: Santino was radically saved and set free from drug addiction in 2001 while attending an Alpha Course. He is currently an Elder Team at Kings Church, Hastings. His passion is to see the full reality of what Jesus won at the cross experienced in people's lives; that people understand their identity and purpose in Christ and what it means to be co heirs with Him, sons and daughters of God. He is married to Emma and they have two wonderful children, Thomas and Bethany.

NATALIE WILLIAMS: Natalie grew up in a working class family in Hastings, one of the most deprived areas of Britain. She was the first person in her family to go to university. After graduating, she worked as a journalist in London and Beijing, before returning to Hastings. Natalie now works for King's Church and for the national social action network Jubilee+. She is passionate about Christians and churches being a force for good in their communities, and particularly making a difference to those in need. Natalie recently co-authored her first book, *The Myth of the Undeserving Poor*.

NICK & ANNA HEASMAN: Nick and Anna head up Care and Recovery at Ashburnham Place looking at how this amazing resource can serve those on the margins of society. Nick's heart for the poor was ignited during his time at school. He has pursued many occupations but through it all, this heart for the poor has remained. Anna's first experiences with those society can disregard was whilst helping her mum set up a residential care home for the mentally ill in her teens. Together they have a burden for seeing God's kingdom break out against injustice. They have two beautiful girls with another baby due in November.
